In training as an Iyengar Yoga Teacher you must uphold the standards of IY(UK) Limited and keep to the rules of the Association. Please note that teacher membership of IY(UK) carries the understanding that no other form of yoga will be taught.

If a trainee applicant already teaches yoga through another school, then they must comply with IY(UK) regulations and stop teaching so that they may be accepted onto Iyengar Yoga Teacher Training. Once qualified, they must teach in line with the requirements for an Introductory Iyengar Yoga Teacher (Please speak to the teacher trainer to whom you are applying OR seek information from the Assessments Administrator).
